

Accenture Federal Services and Google Public Sector Launch Cybersecurity Center of Excellence

Expanded Alliance Introduces Mandiant Threat Intelligence into Accenture Federal Services' Cyber Solutions

ARLINGTON, Va. and MOUNTAIN VIEW, Calif., Oct. 17, 2023 /PRNewswire/ -- [Accenture Federal Services](#) and [Google Public Sector](#) today announced the launch of a new Cybersecurity Center of Excellence to help U.S. federal agencies rapidly detect and respond to increasingly sophisticated cyber attacks. The Cybersecurity Center of Excellence will be powered by the front line threat intelligence of [Mandiant](#), and Accenture Federal Services' full spectrum cybersecurity services.

The Cybersecurity Center of Excellence is part of an expanded alliance to bring together Mandiant's Threat Intelligence platform and Accenture Federal Services' human-centered cybersecurity services for federal agency clients where they operate—at the edge, in datacenters, and in the cloud. Accenture Federal Services will also introduce Google Cloud's Security AI Workbench and generative AI capabilities into its integrated cybersecurity services to help federal agencies detect threats sooner and respond more quickly.

"Today's federal missions demand next-generation cybersecurity solutions that can pre-empt and detect threats and assure the reliability of our nation's critical systems," said John Goodman, CEO of Accenture Federal Services. "We look forward to innovating with Google to create the solutions that our clients need to be confident in their cyber readiness and resilience."

"The combination of Mandiant threat intelligence and Google Cloud's AI-powered security tools can help federal agencies stay ahead of sophisticated cyber attacks and protect their most sensitive data," said Karen Dahut, CEO of Google Public Sector. "Our expanded alliance with Accenture Federal Services will provide the technology and professional expertise that agencies need to mitigate vulnerabilities and quickly respond to threats and breaches."

Accenture and Google Cloud have partnered together on a global basis since 2018 to help organizations build a strong digital core by combining Accenture's services expertise with the power of Google Cloud's data analytics, artificial intelligence, and cybersecurity technology.

Accenture Federal Services is a subsidiary of Accenture (NYSE: ACN).

About Accenture Federal Services

Accenture Federal Services is a leading US federal services company and subsidiary of Accenture LLP. We empower the federal government to solve challenges, achieve greater outcomes, and build a digital core that is agile, smart, and secure. Our 13,000 people are united in a shared purpose to advance our clients' mission-critical priorities that make the nation stronger and safer, and life better for people. We draw out the best of Accenture's global network in nearly every industry, bringing proven commercial innovation to solutions built with advanced R&D, emerging technologies, and human-centered design at speed and scale. Together, we help clients create lasting value for their workforce, customers, and partners and make a difference for the country and our communities.
